Glazed Health-O-Pots

allow plants to breathe through porous walls!

If ordering prepaid, please order 100 lbs. or more.

Beautifully enameled flower pots are designed so plants can breathe through porous wall. The patented reservoir in the bottom of the pot takes care of excess water and the wall of the pot acts as a wick to draw water into the soil as needed. These pots eliminate the need of saucers, a feature not available in most pots.
